Note: Input is based on number of cases, not individuals.

Example: if officer interviews 6 family members on one case, this would be counted as 1 interview.

** note: baby add-ons are not listed as completions but the adjudicative time is recorded; therefore, 9 hours spent on 99 baby add-on cases comprise 25% of the total USC adjudication time recorded. That is why the ratio of time spent on adjudications seems high in comparison to completions for the month of August.
